

2 Hot 4 U 2 Handle

1

I don't want your institutions,
I don't need your revolutions.
All I need is what I got, and what I got is...
Too hot for you to handle.

2

I can't breathe your air pollution,
And you know you ain't got no real solution.
All I need is what I got, and what I got is...
Too hot for you to handle.

Bridge 1:

You think you're hot, and I ain't got
The sense to know just what makes you bleed,
And though you try to rob me blind,
Well I don't mind 'cause you got nothing I need.
All I need is what I got, and what I got is...
Too hot for you to handle.

3

I'm sick and tired of your inhibitions,
And I just can't get down with your racist visions.
All I need is what I got, and what I got is...
Too hot for you to handle.

Bridge 2:

You think you're cool, and I'm a fool,
But I could show you a thing or two.
You've got your problems ... we all can see them,
There's only one way to change - it's up to you!
All I need is what I got, and what I got is...
Too hot for you to handle.
